

Heavy Highway Construction Training Program

Program Requirements

- 18 years or older
- High school or GED
- Resident of Michigan
- Interest in a high-wage rewarding career

Build a Solid Foundation for Your Future

Michigan is at an unprecedented time in its history, needing a workforce to help modernize, upgrade, and build new structures, bridges, and roads. Investments are being made to upgrade the infrastructure and companies are investing in new facilities as well as renovating existing assets.

12 Week Program: January – April 2023
